

UER EMPLOYMENT HISTORY RECORD

REF: CFF 12X(1)

ANTÉCÉDENTS PROFESSIONNELS
(Dossier d'emploi à l'unité) (UER)

REF: PFC 123(1)

This record is a unit ready reference concerning member experience and employment. The record should show significant periods of employment in specific jobs (eg section commander, tire repair, maintenance crew chief, divisional petty officer, etc). It is expected that commanders will also wish to record participation in certain exercises, cruises, or field operations.

Le présent relevé est un dossier tenu à l'unité et de consultation facile, portant sur l'expérience acquise et les emplois occupés par le militaire. Le relevé doit indiquer les périodes importantes d'emploi dans des tâches précises (par exemple, commandant de section, préposé à la réparation des pneus, chef d'une équipe d'entretien, maître d'une division, etc.). Les commandants auront aussi intérêt à enregistrer la participation du militaire à certains exercices, croisières ou opérations en campagne.
